

Institutional Distinctiveness

(2016 - 2017)

Our vision is to facilitate journey of students from Information to knowledge and from knowledge to wisdom. In this process, the student does not only acquire formal education in the chosen area but receives all round understanding of the environment and social sensitivity required to become a responsible citizen. Most of the students belong to urban areas of Dhamtari district, it is important that they are sensitized about the struggles for basic living and educational needs. Rural life poses many challenges such as lack of public health, malnutrition, water, sanitation, educational and vocational opportunities. In some of these areas, students can contribute and improve their understanding through participation. The rural society also benefits from such participative activities. Towards this, the College has adopted a village of Dhamtari district. The NSS units have been also organizing residential camp in the village. Highlight of programs organized by College in the village are as below:

- Survey was conducted to identify the socioeconomic problems of the village and accordingly plan future programs.
- Survey of existing sources of water was conducted and to suggest possible solution to solve the acute water shortage in the school and surrounding area.
- Street plays on Swachh Bharat performed by NSS Volunteers
- Health awareness program for girl students of the village.
- Various competitions such as Essay writing, Rangoli Competition
- Tree Plantation by NCC NSS Unit.
- Blood Donation by NCC and NSS Unit
